Judy,
Mikell out of the office this week, & I'd like to get her input, but my recommendation to Mikell will be to hand the job of posting the CAG mtg minutes to you at EPA.

Mikell and Jim, Another followup item from last nights CAG meeting. When the CAG formed a couple of years ago, DEQ took on the responsibility for posting CAG meeting minutes on their website because Liz Waddle was a readily available web resource at DEQ and EPA had a painfully slow posting process. Our capability to post things on the web has improved dramatically this year, and DEQ has become more resource strapped. Is this something that we need to migrate to the EPA public area for upkeep?
